PROFESSIONAL SUMMARY

Data analyst and program strategist with 7+ years of experience managing large-scale data systems, synthesizing research and stakeholder insights to inform strategic decision-making, and building organizational capacity through training and documentation. Skilled in end-to-end data workflow management from infrastructure assessment through analysis, targeting, and reporting across international nonprofits, higher education, and global development.

PROFESSIONAL EXPERIENCE

Research Assistant

Aug. 2024 – May 2026

College of Arts & Sciences, University of Pennsylvania, Philadelphia, PA

- Designed and analyzed pre- and post-program surveys for the First-Year Seminar and Pathways Program, applying Cronbach's alpha reliability testing (0.75–0.82) to validate composite measures including belonging and knowledge of place.
- Developed belonging indices and demographic subgroup analyses using STATA; identified equity trends across student populations to inform orientation redesign, peer mentorship initiatives, and STEM pedagogy.
- Conducted regression and descriptive analyses; produced accessible written reports translating findings into actionable recommendations for non-technical administrators and faculty.
- Managed full data lifecycle; instrument design, quality control, cleaning, and documentation to ensure reliability and reproducibility of findings.

Research Intern

Jun. – Dec. 2025

Development Media International (DMI), Malawi

- Managed household listing of over 11,000 records and surveyed 868 caregivers using multi-stage sampling across multiple districts of Malawi.
- Programmed survey instruments in XLSForm for ODK/SurveyCTO, integrating skip logic, piloting tools, and conducting cognitive testing to ensure cultural appropriateness in multilingual communities.
- Conducted regression modeling and exposure-outcome analysis in STATA 18 to evaluate impact of a six-month nationwide radio campaign that achieved broadcasting targets and produced measurable gains in caregiver-child stimulation practices.
- Identified unintended increases in psychological discipline practices through rigorous analysis, prompting program refinements.
- Safeguarded data quality through back-check surveys, high-frequency checks, and GPS verification; documented all processes and SOPs for long-term organizational use.

Program Manager

Aug. 2023 – Jul. 2024

Spread Smile Foundation (SSF), Haryana, India

- Designed an internship program providing structured learning and practical project experience across five departments, including paathshalas (informal schools for slum children) and menstrual hygiene campaigns.
- Synthesized program data, research, and stakeholder insights to assess performance against organizational priorities and recommend improvements to service delivery.
- Led content development, communications strategy, and volunteer management across departments.

Community Manager*Jan. – Jun. 2024**Office of Student Affairs, Ashoka University, Haryana, India*

- Monitored and evaluated marketing and outreach strategies using performance data; conducted campaign analysis to identify trends and refine targeting across student populations.
- Built a structured system for managing institutional branding and communications requests, enabling teams to operate consistently within organizational guidelines.

Program Manager*Sep. 2021 – Jul. 2023**Teach For Nigeria, Lagos, Nigeria*

- Supported 36 educators across 17 schools; designed and facilitated 11 capacity-building workshops translating complex instructional frameworks into accessible guidance for teachers in underserved communities.
- Analyzed classroom observation and student outcome data to identify performance trends; delivered targeted, evidence-based coaching recommendations impacting over 3,000 pupils.
- Built program-wide data literacy by facilitating professional development for 600+ Fellows, strengthening capacity for data-informed practice at scale.
- Raised over \$1,000 in financial and material assistance; supervised Fellows whose projects addressed women's empowerment, digital literacy, health education, and literacy intervention across nine communities.

Teach For Nigeria Fellow — Public School Teacher*Jun. 2018 – Jul. 2020**Teach For Nigeria, Ogun State, Nigeria*

- Placed at the only government primary school in Ikangba Community, Ogun State; taught over 67 pupils in a resource-scarce, multilingual rural setting.
- Organized four arts and literacy workshops for over 120 pupils and parents, improving school attendance and community-school collaboration in a context of low parental engagement with formal education.
- Founded the Leading Kids Program (2019), a leadership development initiative subsequently implemented across six communities in Ogun State, reaching over 900 elementary students.

Program Coordinator*Aug. 2020 – Aug. 2021**Slum2School Africa, Lagos, Nigeria*

- Coordinated data collection, monitoring, and strategic reporting for civic education programs reaching 550,000+ out-of-school children in partnership with UNICEF and six local government authorities.
- Analyzed beneficiary and program performance data across 1,000 community sites; produced trend analyses and strategic recommendations guiding program expansion.
- Managed data workflows and reporting across six government entities and international partners, ensuring consistency and accessibility in a complex multi-stakeholder environment.
